Dear Sir/Madam

Sub: **Under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015**

Further to our earlier announcement made in July 2018 regarding setting up of a Greenfield Project Phase II for manufacture of Iron Casting in Andhra Pradesh, we would like to inform you that the installation of several machinery is currently ongoing. Due to the customised nature of the machinery, some machines are expected to be delivered and installed by the end of the year. Consequent to this the trial runs will commence during H2 of the current financial year and commercial production will commence in the next financial year. We will intimate the exchange once we commence the commercial production. The manufacturing facility is designed with the most advanced technology which will enable us to achieve better productivity & quality and expand our product offering.

We request you to take this information on record.

Thanking you.
