Notes:

- These financial results have been prepared in accordance with Indian Accounting Standards ("Ind AS") prescribed under Section 133 of the Companies Act, 2013 read with the relevant rules thereunder and in terms of Regulation 33 of the SEBI ("Listing Obligations and Disclosure requirements") Regulations, 2015, as amended.
- The Company is engaged in the manufacture and sale of products which form part of a single product group which represents one operating segment. As the Chief Operating Decision Maker ("CODM") reviews business performance at an overall group level, disclosure requirement under Ind AS 108 on "Operating Segment" is not applicable.
- Performance of the plant in Reva Division, Bharuch of the Company is reported as a cost centre for products used captively for manufacture of Gelatin and profit centre for products sold to external customers (including Group Company). To comply with pollution control board guidelines the Company needs to incur additional expense to manufacture one of the products exported from the division. The management was not utilising the installed capacity in full due to the higher manufacturing cost as mentioned above. In the opinion of management, the manufacture and sale of this product would qualify as a cash generating unit ("CGU") as per Ind AS 36 as it represents an identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets. Consequently, an impairment testing of the carrying value of certain identified property, plant and equipment used for manufacture of this product as at 31 March 2023 was carried out in the manner prescribed in Ind AS 36 and provision for impairment amounting to ₹ 531.95 Lakhs is carried in the books, which is considered to be adequate.
- As per approved policy for risk mitigation against foreign exchange rate fluctuations, the Company takes forward foreign exchange contract for USD denominated current and future receivables. Ind AS 109 mandates recognition of cash flow hedge in situations where hedge effectiveness can be established for the hedged item and the hedging instrument and the company was recognizing Mark to Market ("MTM") gain or loss in other comprehensive income till 30 June 2022. As a matter of prudence and the future challenges in establishing hedge effectiveness for cash flow hedge, the company recognized the MTM loss on outstanding forward foreign exchange contracts amounting to ₹ 396.00 Lakhs in the profit and loss account for the quarter and the half year ended 30 September 2022. Certain forward foreign exchange contracts were cancelled/utilised subsequently and the incremental loss was accounted in the statement of profit and loss in the respective quarters. The MTM loss on the remaining forward foreign exchange contracts recognised as on 31 March 2023 is ₹ 63.07 Lakhs.
- Other income for the year ended 31 March 2023 and 31 March 2022 includes dividend of ₹ 472.50 Lakhs and ₹ 175.00 Lakhs respectively, received from the subsidiary company.
- During the quarter ended 31 December 2022, the management decided to exercise the option permitted under Section 115BAA of the Income-tax Act, 1961 as introduced by the Taxation Laws (Amendment) Act, 2019. Accordingly, the deferred tax liabilities (net) as at 31 March 2022 and the estimate of tax expense for the year ended 31 March 2023 have been re-measured. Consequently, deferred tax expense for year ended 31 March 2023 includes a charge of ₹ 22.96 Lakhs (quarter ended 31 December 2022: ₹ 22.96 Lakhs), net of Minimum Alternate Tax ("MAT") credit written off amounting to ₹ 109.00 Lakhs (quarter ended 31 December 2022: ₹ 109.00 Lakhs).
- The Board of Directors has proposed a dividend of ₹ 1.18/- per preference share (@ 5.4029% p.a.) on 929,412 Optionally Convertible (non cumulative) preference shares of ₹ 170/- each for 47 days, a dividend of ₹ 0.7650/- per preference share (@ 7.6506% p.a.) on 44,444 redeemable preference shares of ₹ 10/- each and a dividend of ₹ 7.5/- per equity share (75% of the face value of ₹ 10/- per share) in their meeting held today which is subject to approval by the shareholders in the ensuing Annual General Meeting.
- The Board of Directors of Nitta Gelatin India Limited at its meeting held on 2 January 2023 has approved the issuance of equity shares of the Company having face value of ₹ 10/- each, on a Rights basis to eligible equity shareholders of the Company as on the Record Date (to be determined and notified later) for an amount of upto ₹ 4077.00 Lakhs (the "Rights Issue"), in accordance with the relevant SEBI Regulations, the Companies Act, 2013 and other applicable subject laws/regulations and subject to such regulatory and statutory approvals, as may be required in this regard.
- The management identified an employee who is suspected to have colluded with vendors and manipulated certain weightage records of a raw material which resulted in making excess payments to two vendors. During the quarter ended 31 March 2023, an external agency was appointed by management for investigation and the agency reported that there were indications of manipulations in weightage and actual quantity received was less than the quantity of raw materials recorded in books. The financial impact of this suspected fraud is estimated to be ₹ 200.83 Lakhs spread over a period of two years. Since the amount involved is not material and consumption of raw material is accounted in books on the basis of value of quantity recorded in books, no further adjustment is required in the financial statements for the year ended 31 March 2023. The Company has taken disciplinary proceedings against the suspected employee and has enhanced checks and controls around sourcing, weightage and payment for purchase of raw materials.
- The cost of raw materials consumed for the quarter and the year ended 31 March 2023 includes provision created towards slow moving inventory of Fish protein amounting to ₹ 649.00 Lakhs. This raw material was procured based on budgeted sales to a South Korean customer which, however, did not materialize because of economic slowdown in that country. Further, an amount of ₹ 121.63 Lakhs is created towards provision for slow moving finished goods.
- The financial performance of the Company is dependent on quality / availability of Crushed Bone, its price and market demand of finished goods.
- In accordance with National Highways Authority of India's ("NHAI") notification dated 26 May 2019 and subsequent communication by Sub Divisional Officer and Competent Land Acquisition Authority, Ballarur, a portion of the land belonging to the subsidiary company, Banni Proteins Limited has been compulsorily acquired by NHAI. The compensation amounting to ₹ 303.95 Lakhs including interest was received on 12 January 2023. Compensation, net of written down value, amounting to ₹ 296.87 Lakhs has been accounted under "Exceptional item" in the financial statements for the year ended 31 March 2023. The Group has reserved the right for higher compensation and has filed an appeal for arbitration before the competent authority.
- Figures for the quarters ended 31 March 2023 and 31 March 2022 are the balancing figures between audited figures for the full financial year and the reviewed year to date figures upto the third quarter of the respective financial years.
- "The above standalone financial results have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on 6 May 2023 and 8 May 2023."
- Prior period/year comparatives have been regrouped/reclassified wherever necessary to conform with the current period/year classification.
